

YOUR POSTCARDS

Every month we will publish a series of your photos. Make sure you and your club get noticed! Send in your photos to postcards@scubamagazine.co.uk

Community spirit

South Queensferry Sub-Aqua Club engaged with their local community and snaffled all the prizes by winning the Alan Meldrum Community (Rowing) Challenge. Then they won 'best float' award at the Ferry Fair festival a few weeks later. Alistair Cottle, SQSAC Chairperson says: "Both were amazing days out, where the aim of the game was to not take ourselves too seriously so fun became won!"

Fun in the Farnes

Members from Chester Sub Aqua Club enjoyed their annual trip to the Farn Islands, one of the best bets for a club trip to please everyone. Same time, same place next year, then.

Danny leads the way?

South Bay Scuba members Anne Morrison, Danny Brooksbank, Joanna Dickerson and Fiona Hamilton enjoyed a dive in North Bay, Scarborough recently. Throughout the summer Danny, who is working towards his Dive Leader qualification, organised a series of shore dives here. Good luck with the rest of your training, Danny!

Snorkellers are buoyant

BSAC has pledged to get more children into snorkelling as part of a new multi-agency drive to get young people active. The Kingston and Elmbridge Junior Snorkellers (KEJSC) are delivering this pledge locally, thanks to the generous support of grant funders for new equipment.

Diving and fun are synonymous!

Over recent months, Golden Lion Sub Aqua Club divers in Mold worked hard to improve their skills. The club decided it was time to have fun celebrating with an underwater photoshoot. Club Secretary Mary McCarry says they are looking forward to more fun times in 2019.

Litter busters Lisburn

Lisburn Sub Aqua Club held a beach clean and also took part in the Big Microplastic Survey (bigmicroplasticsurvey.org) at one of their favourite dive sites – the Inner Lees. They were collecting data to build a picture of tiny plastic particles in UK waters.
